

# LENIN GARCIA | Carpenter Assistant

carpenterlenin@gmail.com | Tel. 787-943-3433 San Juan, Puerto Rico

## SUMMARY

---

Certified Carpenter Assistant (HBI & OSHA-10) skilled in tool operation and digital plan interpretation using Revit/Fusion 360. Dependable, bilingual, and focused on supporting professional carpentry teams with precision and safety.

## HANDS-ON EXPERIENCE

---

### Carpentry Training – HBI Academy | San Juan, PR

- Participated in residential carpentry training projects
- Prepared materials and tools for daily tasks
- Assisted with installation of basic structures

## WORK EXPERIENCE

---

### Senior 3D Animator | Rigger | SRG Studios | 2014 – 2024

- Led technical animation and rigging for high-volume mobile and PC titles, utilizing advanced digital modeling and custom technical tools to meet strict production deadlines.

### 3D Animator | Rigger | Easley-Dunn Games | 2009 – 2014

- Managed complex character rigging and animation projects for remote game development, ensuring technical accuracy and consistent delivery of project milestones.

### Graphic Designer | Freelance (Pokémon Team) | 2007 – 2010

- Executed technical localization and design for global product materials, requiring high attention to detail and adherence to strict brand specifications.

### Graphic Designer | Lopito, Ileana & Howie | 2005 – 2007

- Produced large-scale media assets for print and digital platforms, coordinating with project managers to ensure accuracy in design and physical displays.
